<b>Saturday, Feb. 22nd</b>			
Depart	Transportation from the cruise terminal to the airport on Saturday, Feb. 22nd - Since many people have different times and schedules for their return flight and many are not going straight to the airport, we are all on our own getting to the airport to leave. Carnival has buses right outside usually for around \$20 so if you need to leave right away, get off the ship early and get right on a bus. If there is high demand for a chartered bus we will arrange one but usually people have all different flight times. Leaving the ship starts early (around 7am) and goes until about 10am. If you have an early flight or need to leave early on Sunday for any reason, do not put your bags outside your door on Saturday night. You will have to take your bags off the ship yourself but you are usually first off in the morning and can go straight to a cab or bus.
