Disembark 7AM - 10AM	Since many people have different times and schedules for their return flight and many are not going straight to the airport, we are all on our own getting to the airport to leave. Carnival has buses right outside usually for around \$30 s if you need to leave right away, get off the ship early and get right on a bus. Leaving the ship starts early (around 8am and goes until about 10am. If you have an early flight or need to leave early on Sunday for any reason, do not put you bags outside your door usually by 9pm the night before. You will have to take your bags off the ship yourself but you are usually first off in the morning and can go straight to a cab or bus.
